

# 5050™

- ALL-WEATHER GRIP
- LONG ORIGINAL TREAD LIFE
- BUILT TO LAST

# 505C™

**MORE TRACTION. MAXIMUM UPTIME.**

The all-new Yokohama 505C is a long-lasting, all-position tire engineered specifically for on/off-highway fleets. Its extra-wide tread efficiently distributes contact pressure across the entire footprint to provide longer wear and traction so great it carries the severe snow service designation.

**NEW WIDER TREAD PATTERN**

Delivers longer tread life and increased traction.

**SPECIAL ANTI-CHIP TREAD COMPOUND**

Strengthens on- and off-highway durability.

**WIDE BLOCKS AND RIBS**

Provide outstanding traction in mud and snow.

**WIDE CIRCUMFERENTIAL GROOVES**

Efficiently evacuate water from beneath the tread for powerful wet braking.

**WAVY LATERAL GROOVES**

Are precisely engineered to provide additional wet traction.

**FUNNEL-SHAPED STEP GROOVES**

Prevent stones and other debris from reaching the bottom of the groove where casing damage can occur.

**HIGH-STRENGTH BELT CONSTRUCTION**

Enhances durability in off-highway applications.
